TAPPING THE

K . E . G . S .

KOMPUTER ENTHUSIASTS OF GREATER SEATTLE

Prez Says:

Ron Cowger

Ah, it's June and we are finally in that time of year during which the weather is usually more pleasant and we all can enjoy more outside activities. Perhaps during the next few months you will spend less time than normal in front of your computer and more time on the patio, doing outside activities or traveling. Well before you put your computing activities on the back burner, please make plans to attend the Annual KEGaBuck\$ Auction that will be held this month.

As all of you members who have been a part of KEGS for at least a year know, this annual event is normally a lot of fun and a great opportunity for you to obtain some computer software or hardware for free. Yes, I know that sometimes when the bidding gets exciting, we forget that the KEGaBuck\$ with which we are bidding didn't cost us any money. We earned them through our participation in KEGS activities. Therefore, when we feel a little pang of pain as we bid 100 more KEGaBuck\$ on that item that we want, we sometimes lose sight of the fact that the true cost of the item to the winning bidder is zero American dollars.

I also like to remind folks who talk about the KEGS dues that if they just bid successfully on one item at the auction, they have probably recovered more than the cost of their dues. I know that Sally Ann has been working hard to gather as much donated software and hardware as she can obtain so there should be something of interest to everyone who attends.

Lastly, I'd like to ask each of you to look around your closet or storage area to see if perhaps you have some software or computer accessories that you will probably never use. If you have some items that are in good condition, software that still has a full license with it and you're willing to donate it to the Auction, please send Sally Ann an email and offer it to her. You can write to her at VicePresident@kegs.org. I'm sure that she would welcome items that you feel would help make the variety of "goodies" available for bid more complete.

Here's wishing you happy and trouble-free computing. I look forward to seeing you at the Auction on the 14th or at a SIG meeting in the near future.

Respectfully,

Ron Cowger
President
