TAPPING THE

K . E . G . S .

KOMPUTER ENTHUSIASTS OF GREATER SEATTLE

Prez Says:

Ron Cowger

Have you ever had problems setting up a peer-to-peer network either at home or at the office? These days, many of us find ourselves in situations where we have more than one computer in the room or building and we would like to be able to network them. Well this month's presentation at the General Meeting should be useful to all who have questions about networking computers and sharing peripherals. Joe Mraz is going to demonstrate a number of tips and pointers to help make your next effort at setting up a network go smoothly.

On a different subject, our Vice President, Steve Fondren, is still working hard on the big job of organizing the RainCoast meeting that will take place in Tacoma this fall. He can always use more help on this task so if you have time to volunteer a few hours of your time on this project, I encourage you to do so. Steve tells me that the RainCoast web site should be "on the air" soon. I encourage you to check out the information at www.raincoast.info from time to time to see what educational and exciting things the committee has planned for the October meeting. Each of you would gain something useful from attending this annual meeting.

There are no changes in status to report concerning our possible move to the Kirkland Teen Center for our monthly meetings. At this point, the management of the facility is working on the several items that we asked them to address to make the center more functional for our meetings. I'll relay any new information when I receive it.

That's it for this month. Happy computing and I'll see you at the next meeting.

Ron Cowger
President

KEGS SIG Meetings:

NEW SIG CHART

Notice that our SIG chart no longer lists actual dates. Please check your calendars for the date of the upcoming meeting that you want to attend.

Contact the SIG leaders to find out what presentations that they have planned for their upcoming meetings.

KEGS T-shirts

Remember, you score extra KEGABUCK\$ when you wear your KEGS shirts to SIGS and the General Meetings! We still have a few left of various sizes. Then we will order more. So why wait? Pick yours up at the next meeting.

Finding our meeting location

DRIVING INSTRUCTIONS: Thanks to the improvements to SR 520, you may now use the new NE 40th St exit. If you are driving towards Redmond, exit and turn left to go over the overpass. If you are coming from Redmond, exit and turn right. Go to 148th Ave NE, and turn right. In very short order, you will see the North Bellevue Community / Senior Center sign on the left side of the roadway.

History & Contact info:

KEGS was formed in late 1996 to meet the needs of personal computer users in the Greater Seattle Area. KEGS is a nonprofit organization that holds its general meetings on the second Thursday of each month.

In addition, KEGS sponsors a number of special interest groups (SIGs) that meet regularly to share common interests, learn new techniques, and resolve questions about the use of personal computer hardware, accessories, or software.

For a detailed listing of our SIG's, updated information about KEGS activities, and more, please see our web site at:

<http://www.kegs.org>.
